Excellence As Standard

AN INSPIRING PLACE TO CALL HOME

Hayfield Lakes is a distinctive collection of two, three, four, and five-bedroom homes will take pride of place in the charming village of Clophill, next to the new 300-acre Clophill Lakes Nature Reserve.

These Zero Carbon Ready homes – comprising detached, semi-detached, and terraced houses and bungalows – all feature Hayfield’s signature specification.

Clophill is a highly sought-after village due to its rolling countryside views and great walks. The village itself is home to two public houses, an Ofsted Good rated primary school, recreation ground and village hall, as well as a swimming club and places of worship.

The Greensand Trust is currently underway with work to create Clophill Lakes Nature Reserve, which will be accessible via a dedicated pathway from Hayfield Lakes. The new community facility is a haven for rare wildlife and water fowl, including Otters and Kingfishers.

DISTINCTIVE & NATURAL

Hayfield homes are unique because everything we have goes into making them special. Superior customer care and specification comes as standard. For us, quality is second nature because we believe the details are not just the details – they're the essence that makes a home.

DETAILED & CRAFTED

A Hayfield home bears all the hallmarks of quality craftsmanship. From concept to construction, planning to specification, it's a journey designed to build a lasting legacy.

COMMITTED TO SUSTAINABLE LIVING

At Hayfield, we have always been mindful to think differently when creating new homes. We have developed an innovative and responsible approach to minimise our impact on the environment and are committed to consistently bettering Government legislation.

Our Zero Carbon Ready Homes have been thoughtfully designed to include initiatives that leave a lasting legacy for future generations, while delivering sustainable communities and places that enhance people's wellbeing.

Local Area

EMBRACE LOCAL LIFE

Adjacent to Hayfield Lakes is the Clophill Lakes Nature Reserve, a 118-hectare site rich with natural beauty, wildlife and heritage.

This exceptional location features two lakes, woodlands, wetlands and meadows with the River Flit meandering through. New access pathways will be created, suitable for both walking and cycling, so all residents at Hayfield Lakes can have direct access to this haven of nature.

A stone's throw from Clophill lies the historic village of Silsoe, where you can surround yourself with open countryside and a sense of heritage. The village is on the Bedfordshire Scenic Route with designated conservation areas, historic parks and gardens, and a High Street characterised by listed buildings.

Silsoe enjoys a grand village focal point in the shape of Wrest Park – a magnificent stately home with 92-acres of glorious grounds. This English Heritage venue is a place for all seasons and ages – winter woodland walks, cream teas in the café and carefree days in the playground. Bletchley Park and The Woburn Estate are noteworthy neighbours for residents to enjoy.

EXPLORE THE AREA

The nearby town of Ampthill, less than four miles away, is a Georgian market town offering the namesake's Park and Gardens, schooling for all ages, various bars and restaurants as well as a Waitrose supermarket.

Bedfordshire's main county town offers an array of shops and restaurants, the expansive and highly popular Bedford Park and cultural attractions such as 'the Higgins Bedford' – a collection of two art galleries and a museum. If relaxing is the order of the day, then the Embankment is popular for watching the world go by next to the River Great Ouse during the warmer months. For longer trips, London Luton Airport is only seven miles away, making exploring foreign shores a walk in the park.
