# THE LONDON DOCKS – A GATEWAY TO THE WORLD

The docks gave London a connection to the world. A connection that created the first truly global city.

Built in 1803, the London Docks helped inform and shape what we know as the Spirit of London. It is an influence that endures to this day.

**"THIS GREAT PUBLIC WORK WILL MAKE LONDON THE FIRST PORT OF THE WORLD, AS IT IS ALREADY THE FIRST CITY OF THE WORLD."**

William Daniell  
Painter and printmaker

AN ELEVATED VIEW OF THE NEW DOCK IN WAPPING.  
PRINT MADE BY WILLIAM DANIELL, 1803.

1803

**1805**  
The London Docks officially opened on 30 January 1805, with merchant vessel 'The London Packet' sailing in from Portugal.

**1820**

The London Docks thrived throughout the 19th and early 20th century, receiving everything from precious jewels to art, ornaments, elixirs, and the latest fashions from all around the world.

**1900's**

**"THE DEVELOPMENT HONOURS THE HISTORY OF WAPPING AND THE DOCKS - THAT'S WHAT GIVES IT SPIRIT"**

London Dock Resident

Beneath the docklands, vaults were specifically designed to store barrels of high-value imported alcohol.

In the early 19th century, the gentlemen of the day would be allowed to sample the best wines & ports straight out of the barrel.

**1896**

THE GAUGING GROUND AT THE LONDON DOCKS  
TAKEN BY ALFRED NEWTON & SONS  
IMAGE SOURCE: HERITAGE IMAGE PARTNERSHIP LTD / ALAMY STOCK PHOTO

The London Docks had over 20 acres of warehouses and cellars to store the copious amounts of goods that arrived every day.

'The Gauging Ground' at the London Docks was where 'gaugers' measured the quantity in each barrel. Today's Gauging Square pays tribute to this.

In 1986, the site became home to News International. For the next 25 years they printed The Times, The Sunday Times and The Sun here, titles that would frame UK domestic and international news for over a quarter of a century.

**1969**

THE LAST BARREL TO LEAVE THE LONDON DOCKS  
IMAGE SOURCE: BLONDON MUSEUM/ FLA COLLECTION

**1986**

By the mid 20th century, the docks were needed less and less. In 1969, after the rise in use of container ships, the London Docks closed.

**A PLACE OF HISTORY, OF CHARACTER, OF ENDURING CHARM. THIS IS WHERE BUILDINGS HAVE STOOD FOR CENTURIES AMIDST THE TALES AND HUBBUB OF THIS GRAND OLD CITY.**

# THE SPIRIT OF LONDON

MORE THAN  
JUST A CITY

# A PLACE WHERE CULTURE THRIVES

IMAGE SOURCE: RAZORPIX / ALAMY STOCK PHOTO

LONDON HAS INSPIRED SOME OF THE BEST SELLING ARTISTS EVER

London Dock sits centrally in one of the world's most important creative powerhouses, a city that has always been at the forefront of popular culture. From contemporary music to art, fashion, cinema and theatre, the Spirit of London continues to inspire each new generation.

# WHERE EVERY DAY IS THE START OF A NEW ADVENTURE

Life at London Dock is a journey of surprise and fascination. There is an intellectual and social buzz in this great capital, its restaurants and clubs, its museums and theatres, its concert halls and its art galleries. This is where life is lived and the next adventure is a moment away.

# TO A DIVERSE AND ESTABLISHED COMMUNITY

Wapping is a well established, secret enclave of London, set back from the hustle and bustle of central city life. Sitting on the banks of the River Thames, it is a short stroll from the iconic Tower Bridge, the Tower of London and St Katharine Docks. London Dock brings a new focal point to this community, a new place to meet, eat or just enjoy the laid back life with friends.

AN INVITING NEW NEIGHBOURHOOD SET WITHIN 7.5 ACRES OF OPEN SPACE. YOU CAN STROLL ALONG THE WATERSIDE PROMENADE, EXPLORE THE DELIGHTFUL PRIVATE RESIDENTS' GARDENS, OR VISIT GAUGING SQUARE - A HIVE OF ACTIVITY SURROUNDED BY SHOPS, BARS AND RESTAURANTS.

# QUALITY AT OUR HEART

ST GEORGE &  
BERKELEY GROUP

# ENSURING SUSTAINABILITY AT LONDON DOCK

## PEOPLE, PLANET, PROSPERITY

Sustainability is fundamental to Berkeley's ethos. In simple terms, we want to ensure the long-term health, wellbeing and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at London Dock

## NATURE AND BIODIVERSITY

Parkland, trees, flowers, living roofs, ponds, hedges, gardens - these are the fundamentals of a thriving natural environment that can be enjoyed by everyone, even in the heart of the city. They are all part of our commitment to net biodiversity gain on our developments. Within and around London Dock, we have created natural habitats that encourage wildlife to flourish.

## WASTE AND RECYCLING

We actively encourage all residents to reduce their waste wherever possible. In addition to external recycling bins, we provide integrated recycling bins in kitchens to make it easier to separate and recycle waste.

## WATER EFFICIENCY

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and low-flow taps and showerheads which use less water without compromising convenience and comfort. We also suggest simple steps to reduce water consumption, such as not leaving taps running unnecessarily. Individual homes and apartment buildings also benefit from rainwater harvesting, which is used in gardens and landscaped areas.

## ENERGY EFFICIENCY

Efficient use of electricity and gas helps lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness, and have been fitted with mechanical ventilation units with heat recovery (MVHR). All lighting is low energy and kitchen appliances are selected to deliver high levels of energy efficiency.

## SUSTAINABLE MATERIALS

We commit to sourcing the materials for the construction of our buildings in a sustainable and responsible way. All timber and wood-based products used to build your home should be certified to either the Forest Stewardship Council (FSC) or Programme for the Endorsement of Forest Certification (PEFC) scheme. This means it will have come from a responsibly managed forest. Our focus on materials doesn't just stop there - as a business we are committed to measuring and reducing the embodied carbon of our buildings, which where possible, includes sourcing low carbon materials, and those with high levels of recycled content.

## NOISE REDUCTION

We can't eliminate noise, but we consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We incorporate measures to reduce the different types of noise wherever possible to create a quieter environment.

## CLEAN AIR

It is hard to avoid polluted air, particularly in our cities. Throughout London Dock we have planted trees, shrubs and flower beds to help create a cleaner air environment. Within our homes we also provide mechanical ventilation to filter the internal air.

## SUSTAINABLE TRANSPORT

London Dock is situated within walking distance to Zone 1 tube station Tower Hill. The buses and trains provide regular and reliable transport around London and surrounding areas. We also provide cycle paths, secure cycle parks and car charging points to encourage the use of sustainable methods of transport, to help reduce air pollution around the development and the wider area. Promoting walking and cycling as methods of transport also help encourage healthier lifestyles.

## STEWARDSHIP

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with an on-site team and residents to ensure the development remains in pristine condition.

## FUTURE-PROOF DESIGN

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure our homes and developments are more resilient to these extremes to understand how we can adapt to future climate change in our future designs.

# MY HOME PLUS

MYHOME PLUS IS AN ONLINE SERVICE THAT IS DESIGNED TO HELP YOU MANAGE KEY ASPECTS OF YOUR NEW HOME AT ANY TIME FROM ANYWHERE AROUND THE WORLD. THIS SECTION PROVIDES YOU WITH AN OVERVIEW OF MYHOME PLUS KEY FEATURES TO ENHANCE YOUR CUSTOMER JOURNEY.

## KEY FEATURES

This section provides you with an overview of MyHome Plus key features to enhance your customer journey.

### 1. FILING CABINET

In the Filing Cabinet section, you can immediately access documentation relating to your new home at your own convenience.

### 2. MEET THE TEAM

This section provides an introduction to your dedicated Sales Consultant and Customer Service Manager. You will be able to view their contact details and contact them directly from the platform.

### 3. OPTIONS & CHOICES SELECTION

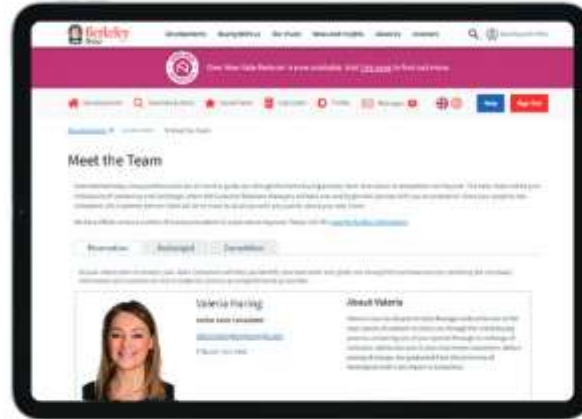

When you buy a home with us, you will have the option to choose some of your home finishes. This will be subject to the development and property building stage but it's a chance to make it feel truly yours. You will be able to see the different options, the selection deadline date and submit your choice in this section of MyHome Plus. See the Next Steps section for further detail on this.

### 4. CONSTRUCTION PROGRESS

Under this section, regular updates on the construction of your new property will be provided, keeping you up to date on the progress on site and the local area. Your Customer Service Manager will issue regular newsletters and photographs to this section throughout your journey.

### 5. MY GUIDES

View and download your buying and living guides to support you step-by-step through your journey with us.

## NEXT STEPS

### STEP 1

Your Sales Consultant will send you instructions to create and validate your MyHome account. Once your account is validated, your Sales Consultant will assign your property to your MyHome account and your account will be upgraded to a MyHome Plus account.

### STEP 2

Customer Service will then be in touch to invite you in to our Show Apartment to view the interior selections available for the internal finishes which you have an option to select. If you cannot make it to the appointment, the options can be discussed over the telephone and selected via MyHome Plus. Customer Service will need to receive your choices selection by the deadline date, which will be given in advance.

myHome PLUS

# DESIGNED FOR LIFE

AT ST GEORGE, WE ARE COMMITTED TO CREATING GREAT PLACES WHERE PEOPLE LOVE TO LIVE, WORK AND RELAX. HERE, THE HOMES ARE LIGHT-FILLED, ADAPTABLE AND FINISHED TO VERY HIGH STANDARDS. WHERE CAREFULLY PLANNED PUBLIC AREAS ENHANCE WELLBEING AND QUALITY OF LIFE FOR RESIDENTS AND VISITORS. WHERE PEOPLE FEEL A SENSE OF COMMUNITY.

## CUSTOMERS DRIVE OUR DECISIONS

We put our customers at the heart of everything we do. First, we strive to understand what our customers want and need – well-built homes, in a pleasant and safe neighbourhood, with plenty of amenities and good transport connections. Then we apply that understanding to all of our planning and design decisions. And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

## CHOICE AND DIVERSITY

No two St George customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast – we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

## QUALITY FIRST TO LAST

Quality is the defining characteristic of St George developments, right down to the very last detail. We choose our locations, style of homes, construction practices, materials and specifications with great care. When you buy a new home from Berkeley you can be safe in the knowledge that it is built to high standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a 10-year build warranty.

## GREEN LIVING

We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity. All our homes are designed to reduce water and energy consumption, promote recycling and enable residents to choose sustainable transport options.

## COMMITMENT TO THE FUTURE

When we plan a development, we take a long-term view of how the community we create can thrive in years to come. Our aim is to permanently enhance the neighbourhoods in which they are located, through intelligent design, quality landscaping, sympathetic architecture or restoration, and high standards of sustainability. We don't just build for today; we build for the future too.

# CREATED BY ST GEORGE: OUR DIFFERENCE

## AT ST GEORGE, WE DESIGN FOR LIFE

Transforming unique parts of the capital is our speciality. We sustainably regenerate previously neglected areas into high-quality and mixed-use housing, creating new spaces where people are both happy and proud to live. London is a city in global demand and uncovering space to create suitable housing to meet that demand is harder than ever. We achieve the seemingly impossible by searching out overlooked and under-appreciated areas that can be transformed into beautiful housing that meets the needs of aspirant city-dwellers. We believe people, partnerships, and a shared vision are key to successfully delivering thoughtfully designed homes and to create thriving communities. We have been designing and building such spaces for decades. We are driven to create a lasting legacy for the capital and its people, through collaboration and partnerships.

## OUR VISION IS TO DEVELOP SITES THAT HAVE BEEN CLOSED TO THE PUBLIC FOR DECADES AND RECONNECT THEM TO THE COMMUNITY

We want the places built by St George to be renowned for the quality of their landscape and the open space. The term 'landscape' comes from two words meaning 'to shape a place where people belong'. That idea inspires our approach. The space between buildings is where you create a community and somewhere that is sociable, sustainable and safe. We believe beautifully landscaped open spaces give room to breathe and sit in harmony with our vision for the carefully considered architecture and thoughtfully designed interiors throughout our developments. To pioneer a landscape-led approach to urban developments is hugely important to us. We truly believe these spaces between the buildings are as important as the buildings themselves, where one's wellbeing within that space can be emphasised through positive design.

## ST GEORGE AIMS TO BUILD YOUR HOME TO A HIGH STANDARD OF DESIGN AND QUALITY AND HAS OVER 40 YEARS OF EXPERIENCE OF DELIVERING

When you buy a new home from us it comes with a 10-year building warranty – the first two years of which are covered by St George. However, over and above this, we will take a reasonable approach to resolving issues, even if they fall outside of the warranty criteria or time periods. In other words, we will stand by our product and work with you to find an appropriate, fair and reasonable resolution to any issues that may arise in the future. All of our customers are provided with a commitment that when they buy a new home from St George, they can be safe in the knowledge that it is built to a high standard of design and quality, has low environmental impact and that they will enjoy an exceptional customer experience.

## CUSTOMERS

Choosing your home is one of the most exciting and important decisions you can make, but it is also a challenge. From location to amenities, connections to education, there are so many factors to weigh up.

At St George, we understand what you're looking for in a new home and we are dedicated to designing and building exceptional places that meet your needs.

We design for everyone: from families to first-time buyers, students to retirement communities, always considering the ever-changing need for space innovation and integrated technology. The service we provide goes beyond the contract, committing to the developments we create and our long-term involvement with those who live there. To us, places are about people.

# TRANSFORMING TOMORROW

At Berkeley Group our passion and purpose is to build quality homes, strengthen communities and improve people's lives. We are innovating, pushing boundaries and taking action to ensure we have a long-term, positive impact that is good for our customers, the communities we touch, our business and the world around us. We transform underused sites into exceptional places and we're also transforming the way we work: embracing technology and raising standards, as we continue to deliver an outstanding customer experience and create high-quality homes that delight our customers.

Our Vision 2030 is our 10-year plan which sets out how we will achieve this.

## TRANSFORMING PLACES

Working with local people and partners we create welcoming and connected neighbourhoods where you can be proud to live.

## TRANSFORMING LIFESTYLES

Taking action on climate change and giving you ways to live more sustainably. We're building efficient homes that use less energy over their lifetime, with sustainable travel choices on the doorstep.

## TRANSFORMING NATURE

Creating beautiful places with habitats that help nature to thrive, meaning that every site is left with more nature than when we began.

## TRANSFORMING FUTURES

Helping people to reach their potential through apprenticeships and training, and programmes supported by the Berkeley Foundation.

# CUSTOMER RELATIONS

## HERE IS WHAT YOU CAN EXPECT:

- From the day you reserve – until the day you complete – we'll update you regularly on progress
- You will be able to create your MyHome Plus account and access this online platform to view all the information about the development, your property, the construction progress and the buying process
- Sustainability is high on any responsible builder's agenda. We promise to fully communicate the environmental features of our developments to all of our customers
- Our Customer Relations Manager will present a selection of designer-conceived colour palettes to help you find the interior finish that most suits your style
- We personally hand over your key on completion day and make sure everything is to your satisfaction
- Upon handover, we'll meet you on site to demonstrate all the functions and facilities of your new apartment
- The 2-year warranty with 24-hour emergency service has a dedicated customer service telephone number and from the 3rd to the 10th year you'll have the added security protection of a 10-year building warranty
- Finally, we'll contact you after 7 days, at 4 weeks and 7 months after you move in, to make sure everything continues – perfectly.

WE WANT TO ENSURE YOU ARE HAPPY WITH EVERY ASPECT OF YOUR NEW HOME, SO WE LOOK AFTER OUR CUSTOMERS AT EVERY STAGE WITH EXPERT ADVICE, ATTENTION TO DETAIL AND CONTINUOUS COMMUNICATION. FROM EXCHANGE OF CONTRACTS, YOUR DEDICATED ST GEORGE CUSTOMER SERVICE REPRESENTATIVE WILL HELP WITH ANY QUESTIONS YOU MAY HAVE.

# THE BERKELEY FOUNDATION

WE ARE COMMITTED TO MAKING A REAL AND LASTING DIFFERENCE TO THE COMMUNITIES WE SERVE

The Berkeley Foundation supports voluntary organisations in tackling long-term social issues in their local community. Working together, we help people choose a different life path, develop confidence and skills, and find hope for the future. Since we established the Berkeley Foundation in 2011, we have committed many millions of pounds to hundreds of charities and organisations. A significant proportion of our donations are raised through the tireless efforts of our own staff.
